APPLICATION TO CALTRANS FOR FUNDING FOR ELEVEN COUNTY SAFE ROUTE TO SCHOOLS PROGRAM PROJECTS

Senate Bill 10 (SB10), provides additional cycles to the SR2S program. These applications are in response to the Call for Projects for the fourth cycle. SB10 provides for the use of Federal Transportation funds, administered by Caltrans, for construction of projects including bicycle lanes and projects for pedestrian safety. This program encourages efforts to enable students to safely walk or bicycle to and from school and to reduce the potential for injuries and fatalities by making those routes safe. Counties and Cities throughout California compete for available funding. Selection for funding depends on the ability of the participants to develop a comprehensive and unified approach to improving the safety of pedestrian/bicycle routes to and from schools. Funding available for the SR2S Call for Projects is estimated at \$20 million per year. The maximum Federal reimbursement amount per project is \$500,000. The Department staff is proposing a submittal of eleven applications with support from Apple Valley Unified School District, Helendale School District, Fontana Unified School District, Rim of the World Unified School District, Ontario-Montclair School District, San Bernardino Unified School District and local divisions of the California Highway Patrol.

Submittal of a project application will not guarantee allocation of funds. A future Board item will be submitted to enter into a Contract with Caltrans if the project competes successfully.

The cost of these eleven projects is estimated at \$2,346,030. SR2S funds would finance \$2,111,427 of this cost. The remaining local match component of \$234,603 would be paid out of the Department's Road Operations Fund (SAA-TRA-TRA)

(Attach this transmittal to all contracts not prepared on the "Standard Contract" form.)
